

NAOS Absolute Opportunities Company (NAC)

FACT SHEET as at 31 May 2017

NAOS

NAC is a Listed Investment Company providing investors with access to a carefully selected, concentrated group of high quality, undervalued mid-cap companies with an industrial bias in a concentrated structure. Investment opportunities are assessed based on their potential to generate meaningful long term performance with lower downside risk than traditional equity managers. NAC seeks to create and protect investor capital whilst providing a stream of sustainable growing fully franked dividends.

NAC COMPETITIVE ADVANTAGE

- Concentrated mid-cap exposure (market cap generally between \$250m and \$1b) with a long-term value focus and an industrial bias
- Focus on providing investors sustainable and growing fully franked dividends
- Focus on quality of companies not quantity to maximise shareholder returns
- Portfolio flexibility with a benchmark/index unaware approach
- Ability to hold +100% cash in times of poor risk/return opportunities
- Significant management and shareholder alignment
